

OCC "How To" Thursdays !!

Monthly Thursday evening seminars and workshops . . . at the CLUB

The first on Thursday February 24th

OCC members are an eclectic group with diverse interests and a commonly shared enjoyment of engaging speakers and topics. Therefore, as a member service, the club plans to offer occasional "How To" workshops on Thursday evenings allowing members to socialize, interact, and share knowledge in areas of interest.

This exciting concept is the brainchild of social committee member Cindy Brown. Cindy would love to hear from members as to potential topics of interest for future events. Contact Cindy at cynthia.d.conner@lowes.com with your ideas!

The topic of first workshop on February 24th will be "Computers and Cameras" hosted by OCC's own Brian Robbins. Brian is a well known club member who owns and operates [Northwest Computer Repair](#). Brian will discuss various aspects of camera usage, uploading photos to computers/web sites, and general computer literacy/troubleshooting; feel free to bring your cameras, computers, cables, IPads, etc. If you have a particular subject or issue you would like for Brian to discuss, please contact him beforehand at 336-844-4175, or nwcomputerrepair@gmail.com.

Our second scheduled workshop's topic on March 24th will be one of interest to virtually everyone as Lisa Landrow will host "Beginner's Mixology – How to Mix the Great Drinks." This one will have your head spinning; no pun intended! This workshop will feature an open café and lounge drink specials.

Our third and fourth scheduled workshops, April 21st and May 26th, will feature two of the most popular activities on the face of the planet! **BBQ'ing** and **Shaggin'**. The BBQ workshop will be hosted by members of OCC's world famous "BBQ and Brew Crew." These guys will be giving away a few, but not all, of their secrets. The Carolina shag dancing" event on May 26th will feature prominent instructors Pat and Eddie Hicks and great food. Suffice it to say you will have "sand in your shoes" and a full stomach when you leave!
